

This is a large grid-based sampler chart titled 'Liezbeth's Sampler'. The grid is 121 columns wide and 121 rows high. The columns are numbered at the top from 130 to 250 in increments of 10. The rows are numbered on the left side from 130 to 250 in increments of 10. The chart features a repeating pattern of asterisks (\*\*) forming a decorative, somewhat floral or geometric design. The pattern is centered within the grid, starting around column 180 and row 180, and ending around column 230 and row 230. The pattern consists of multiple rows of asterisks, with some rows being solid lines and others having gaps or specific arrangements of asterisks. The overall effect is a dense, textured fabric design.
